

It's break time now. Ali, Sony and Hanif are in the classroom. They are discussing about their homeworks. They have English, science and math homeworks.

Ali thinks that English is very difficult. But Sony doesn't think so. He thinks that English is fun because it is his favorite lesson. He likes to sing and listen English songs. Meanwhile, Hanif disagrees with Sony. He agrees with Ali. His favorite lesson is mathematic.

Sony thinks that Mathematic is very difficult for him. Ali has idea, he said "What about studying together?" Sony and Hanif agree with Sony's idea. Hanif will teach mathematic and And Ali will teach English. "Together, it will be easier for us" Said Sony.
